

How to exit a product from a Warehouse with a different HS Code

Summary instructions for Brokers

The following summary instructions seek to assist Brokers with exiting product(s) from a Warehouse with a different HS Code in the ASYCUDA World (AW) system.

Note:

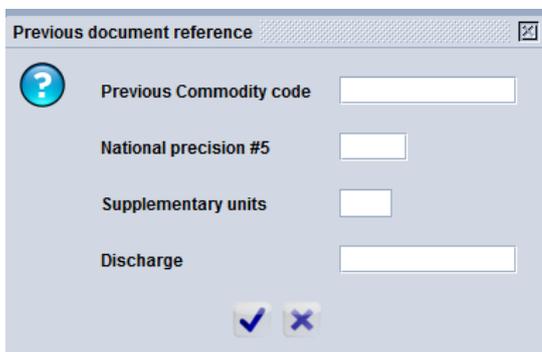

- i. Please refer to the relevant Flowcharts, Standard Operating Procedures and the Terms of Reference for guidance on the specific clearance process of concerned.
- ii. Users are encouraged to take note on the system messages and instructions to complete the procedure.
- iii. To access any reference table, press the F3 key.
- iv. To know the name of a field or button, place the mouse over it to see its name.

Process:

Commodity Codes may change for various reasons such as:

- i. New HS being implemented;
- ii. Change of product whilst in the warehouse etc.

1. Prepare the exit SAD with the new HS code.
2. Click the 'Previous product' Icon on the exit SAD. 
3. Complete the "Previous document reference" pop-up box by inserting the exact 'Previous Commodity code' of the entry SAD up to the 11 digits and the 'National precision #5', if any. The other information will be populated automatically. Click the blue tick icon.

4. Complete the 'Previous document' tab.

5. Complete the rest of the SAD and if no errors are detected (or after any errors are corrected) assess the SAD by clicking on the 'Validate and assess' icon: 

■ End
